## DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look  
better and feel better  
after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as when it burns, leaves behind a certain amount of combustible material in the form of ash, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which, if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels before putting more food into the system.

Men and women with sallow skin, liver spots, pimples or pallid complexion, are those who wake up with a coated tongue, bad taste, nasal breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs.—(Adv.)

## METALS AND OILS SEEK HIGHER LEVELS IN STOCKS

New York, Oct. 18.—Bulls, copper and oil guided the list to materially higher levels on the active resumption of stock trading today. Gains ranging from 1 to 2 1/2 points. The advance also included United States Steel, Baldwin Locomotive, American Can, Studebaker, Ohio Gas and Sugar at gains of large fractions to 1 1/2 points. Of all the recent speculative favorites Marine advanced to register another nominal increase. Oil extended their advance in the first half hour, but elsewhere prices reacted moderately on profit taking. Metal prices advanced in the afternoon, but gains in speculative issues were substantially increased. Mexican Petroleum continued its advance to 32 points. Royal Dutch 39. War stocks also improved, notably Baldwin Locomotive and Tobacco and Leather.

Further profit taking in the afternoon, but gains in speculative issues were substantially increased. Mexican Petroleum continued its advance to 32 points. Royal Dutch 39. War stocks also improved, notably Baldwin Locomotive and Tobacco and Leather.

## CORN PRICES TAKE AN UPWARD SWING AGAIN

Chicago, Oct. 18.—Corn prices took an upward swing today. Strong commission houses led the buying, which was on a fairly liberal scale. Opening prices, which ranged from 3 1/2 to 1 1/2 higher, with November 1.20 to 1.25, and December 1.16 to 1.18, were followed by decided further upticks.

The close was unsettled, 1/2 to 3/4 net higher, with November 1.21 1/4 and December 1.16 1/2.

Qats developed firmness with corn. Small dealings sufficed to affect values. After opening unchanged to 1 1/2, the market continued to ascend.

Provisions reflected weakness in the hog market, but corn place, however, when cereals advanced.
